Hi! Pjames

Thanks for the application.

MetaCLUB OCTAGON access URL here.

MetaCLUB lobby Click to login.  
<https://meta.discovercity.net/>

4. Click the link to go to MetaCLUB

Content Delivery Time (Korea, Japan)

12:00-15:00

21:00-24:00

EVERYDAY!!

Please note that access will not be available during the maintenance time other than the above, sorry.

Contents

Inside the club, you can enjoy the play of the opening DJ, Mr. BLACK, and talk with people from all over the world.

In the future, the META CLUB will expand and various services such as avatar item sales and games will be expanded.

We will continue to build an unprecedented entertainment space.

# The basic controls

## Method of operation

### Move

W - Move forward  
A - Move left  
S - Move backward  
D - Move right

shift +

### Run

Hold shift and  
press WASD keys  
to move

### Rotate

Left click and drag  
to rotate the camera

### Zoom

Use mouse wheel  
to zoom in and out

When asked to use your microphone on your browser,  
choose **Allow** so that you can enter the same room as other users.  
Note that the mic won't pick up sound unless you turn off the mute setting separately.

Audio will be played in this content.  
Please turn it on and enjoy.

Note: Always turn ON the mic.

5. Wait until the  
loading reach 100%

## Notes

1. Make sure to turn on your microphone and sound setting.
2. You must have at least 10 - 15 MBPS of internet speed to have a smooth experience in the MetaCLUB
3. If you find yourself alone inside the MetaCLUB, it means your browser mic is turned off, turn on your browser mic to join other users.
4. If you encounter any problems other than those mentioned above or if you have any questions, please contact us at [support@discoverfeed.zendesk.com](mailto:support@discoverfeed.zendesk.com)

# How to change avatar name

The image shows a mobile application interface for editing an avatar. The main screen is titled "Avatar" and features a profile card with a name "Cyril" and a bio. A red box highlights the "My page" button in the top-left navigation bar, with an arrow pointing to it. A yellow callout box next to it says "1. Click My Page". A second red box highlights a pen icon in the top-right corner of the profile card, with an arrow pointing to it. A yellow callout box next to it says "2. Click the pen icon". A third red box highlights the "Display name" text input field, which contains the text "Trixie". A yellow callout box next to it says "3. Edit your name". A fourth red box highlights the "Confirm" button at the bottom right of the editing modal. A yellow callout box next to it says "4. Click confirm to save". The background of the app is a dark blue and purple gradient with abstract light patterns.

# How to Return to Starting Point

# How to change Settings

The image shows a user profile settings interface. On the left is a sidebar with navigation options: a home icon, 'My page >', an 'Avatar' section with a person icon, and a 'Return to starting point' option with a flag icon. At the bottom of the sidebar, a 'Setting' option with a gear icon is highlighted with a red rectangular box. A red arrow points from this box to a yellow callout box containing the text '1. Click this the change settings'. The main content area is titled 'Avatar' and contains a large circular profile picture placeholder with a 'Change icon' button below it. To the right of the profile picture are two text input fields: 'Display name' (containing 'Cyril') with a character limit of '\* 20 characters or less', and 'Bio' with a character limit of '\*200 characters or less'. Both input fields have edit icons to their right. A close button (X) is located in the top right corner of the settings panel.

Setting

1. Click this the change settings

# Sound Settings

The image shows a dark-themed settings interface with a left sidebar and a main content area. The sidebar includes a user profile 'Cyr1118', a 'My page' button, an 'Avatar' section, and a 'Return to starting point' button. The main content area has tabs for 'Sound', 'Camera', 'System', and 'Help'. Under the 'Sound' tab, there are six volume sliders: Master Volume, Music Volume, Voice chat volume, Effects volume, System volume, and Video volume. Each slider has a speaker icon to its left. Two yellow callout boxes with red arrows provide instructions: the first points to the Master Volume speaker icon, and the second points to the Master Volume slider knob.

1. Click the speaker icon to turn on or off the sounds

2. Slide the to adjust the

# How to Invite a Friend

## How to join voice chat

1. Click to ON or OFF the mic. Mic is ON

2. Mic is OFF

### Note:

You must go near an avatar to join a voice call, if you are too far from them you won't hear their voices and they also can't hear your voice.

# Voice Channel Setting

The image shows a game's interface with a character in a dark, futuristic environment. A 'Channel setting' menu is open, showing options for 'Channel type' (Open/Private) and 'Channel name'. A 'Move to new channel' button is highlighted in the top-left corner. Four yellow callout boxes with red arrows provide numbered instructions: 1. Click to view voice channel setting (pointing to the 'Move to new channel' button), 2. Choose the channel type 'Open or Private' (pointing to the 'Open' button), 3. Input channel name (pointing to the 'Channel name' input field), and 4. Click 'Change Setting to save' (pointing to the 'Change Settings' button). The background shows a character standing in a dark room with blue lighting. UI elements include a top-left 'Joining Test Open Channel' window, a top-center 'Invite a friend' button, a top-right 'MENU' button, a bottom-left keyboard layout, and a bottom-right camera icon.

1. Click to view voice channel setting

2. Choose the channel type "Open or Private".

3. Input channel name.

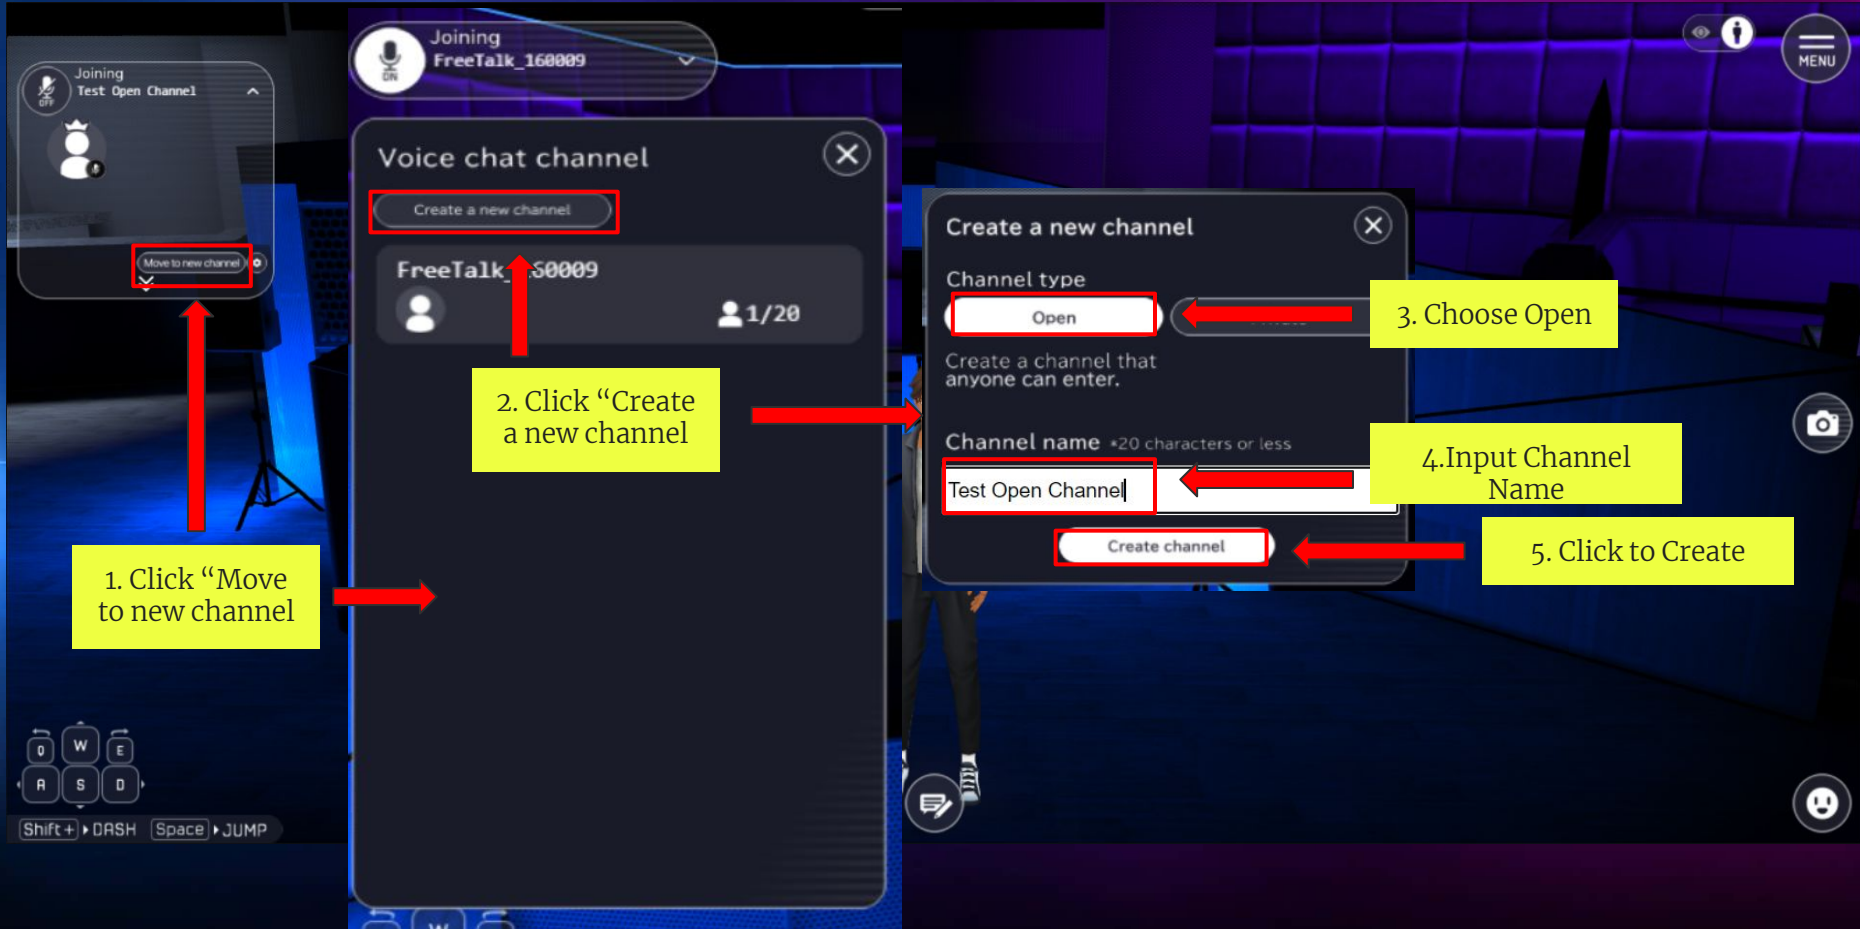

4. Click "Change Setting to save"
